ADVICE

Motor Vehicle thefts and thefts from motor vehicles are still continuing, Vehicles should be made secure as much as possible by using steering wheel locks and electronic scanner blockers to prevent entry into keyless cars. These devices can be purchased on line at SECURED BY DESIGN, along with other useful equipment which can help to prevent residential burglaries. With Christmas rapidly approaching there could be a sharp rise in attempts of burglaries and robberies, please remain vigilant and keep entry points locked when not in use.
