ADVICE

There has been a heavy increase in theft of motor vehicles with a lot of these reported in The Glade,. Most of the vehicles are keyless entry, please bare in mind where keys are kept when the vehicle is not in use. A good way of keeping these secure can be with the use of Faraday pouches, these block the ability for possible suspects to scan them in order to gain entry to the vehicle. There is also a continuation of robbery's with suspects looking for I phones in particular, please be mindful of your surroundings and try to keep your phone secure when out in public.
